

Covid-19 Treatment Risk Assessment Template

This risk assessment has been carried out to assess if it is safe to offer the treatment listed below during the Covid-19 pandemic.

Please note - the 'highest risk zone' of clients is defined as the area in front of the face where splashes and droplets from the nose and mouth, that may not be visible, can be present and pose a hazard from the client to the practitioner and vice versa

Business Name: Little Treats Beauty

Assessment carried out by: Carla Chappell

Date: 10/07/2020

Treatment:

Manicure (incorporating hand scrub, moisturise, nail work and possible hand mask and massage)

Does the treatment involve working in the highest risk zone for more than half the time of the treatment?

No

If Yes, Can the treatment be modified to spend less than half the time in the highest risk zone?

N/A

What additional PPE is required for Covid-19?

Wear normal PPE plus face shield.

Conclusion

This treatment is safe to offer during the Covid-19 pandemic
